The Power to Choose

Textures® Basket Weave Combinations gives you the ability to have total freedom of choice when it comes to colour, frame size, shape and laying pattern.

Choose to replicate this rich and storied flooring design in a massive choice of solid or mixed colours to match your decor or add a bold and striking design statement.

Below are a variety of frame shapes to illustrate how they can be used to create different patterns either in a diagonal or straight-lay to suit your space.

Every square insert is precisely manufactured to fit exactly into the frame sections of the Basket Weave pattern.

Bevelled edges on both the inserts and frames complete the look for an authentic finish.

*Guaranteed for use only with water-based UFH (underfloor heating) systems.

Textures®

REGISTERED EMBOSSED LVT

BASKET WEAVE COMBINATIONS

Basket Weave first gained prominence in France during the 17th century, embraced by the wealthy elite as a symbol of elegance and luxury.

This bold statement in floor design is experiencing renewed popularity, making a strong return to modern homes and commercial spaces.

We have invested in advanced cutting-edge machine technology to now offer Textures® Basket Weave Combinations, a truly unique collection that gives you the power to choose endless colour options.

Textures® is a high-end LVT product that looks and feels just like real hardwood flooring, owing to its Registered Embossing (also known as EIR), a raised surface texture that matches the pattern of the wood-grain.

Boasting a commercially-rated 0.55mm wear layer (20% denser than most competitors), Textures® has exceptional scratch-protection from scuffs, scrapes and stains from furniture, pets and little ones.

This protection ensures your new floor will maintain its great looks for many years, making it very easy to look after — just a soft brush and spray mop will do it. Textures® is also highly water-resistant which makes it ideal for kitchens and bathrooms (not wetrooms).

- A choice of frames and inserts offers endless colour combinations
- 2.5mm thickness
- 0.55mm commercial wear layer
- Registered Embossed (EIR) finish
- Ultra-matt finish (low sheen)
- Highly water- and stain-resistant
- Slip-resistant rated +36
- Micro-bevelled edges
- Easy to clean and maintain
- Rated A+ for VOC emissions
- Contains no formaldehyde
- 30-year residential warranty
- 15-year commercial warranty

Registered Embossing for an Ultra-Realistic Finish

Textures® stick-down LVT is designed to match the look and feel of real hardwood flooring.

Registered Embossing (known as EIR) achieves this using advanced manufacturing techniques that produces a three-dimensional surface texture that exactly follows the knots and patterns of the wood-grain film layer below.

In doing so, what you can see also matches what you can feel.

Colours	16
Thickness	2.5mm
Wear layer	0.55mm
Box A (frame)	95mm × 380mm
Box B (inserts)	142.5mm × 142.5mm
Units per pack	Frame: 72 units = 2.599m ² Insert: 62 units = 1.259m ²
Total coverage	3.858m ² (Box A + Box B)
Warranty	15-year residential 30-year commercial

The Combinations range is designed to be completely flexible, allowing you total freedom of choice like never before.

Our unique 2-part set comprises of Box A (the frame) and Box B (square inserts).

Simply choose the colour for each from a range of 16 wood-finishes, or go one step further and combine several colours together for a bold, one-off piece.

Exceptionally Durable

Textures® is made to last. It has a commercially-rated 0.55mm thick wear layer, suitable for residential and commercial areas. The wear layer protects the floor from scuffs and scrapes, helping preserve its good looks and making it exceptionally easy to maintain.

A Striking Aesthetic

The Basket Weave pattern has a striking and sophisticated aesthetic with a rich history dating back to 17th century France, when it was embraced by the wealthy elite as a symbol of elegance and luxury.

We have invested heavily in the latest cutting-edge machine technology to recreate this classic design at a fraction of the cost you will see elsewhere, but with the flexibility of combining different colours for a truly bespoke floor.

Insert: LIGHT OAK **TBW-10**

Highly Slip-Resistant

Textures® rates highly in PTV (Pendulum Slip Value) tests with a rating of 36+ which is deemed as low slip potential.

PTV tests are conducted strictly in accordance with the UKSRG (UK Slip Resistance Group) and HSE (Health & Safety Executive) guidelines. PTV test ratings are as follows:

- 0-24 High risk
- 24-35 Moderate risk
- 36+ Low risk

Insert: SUMMER OAK **TBW-11**

Suitable for Underfloor Heating

With comfort in mind, Textures® is manufactured for use in rooms using water-based UFH (underfloor heating) systems.

Surface temperature must not exceed 27°C and flooring must be fitted in accordance with BS EN 1264-2, as well as the UFH manufacturer's guidelines. If other UFH systems are used, please first consult your flooring supplier for suitability.
